

BLOXHAM PARISH COUNCIL

Date of Parish Council Meeting	Wednesday 20 th Feb 2019
Agenda Item Number	<i>Item 9(ii)</i>
Author	Jenny Yates
Title of Report	Meeting with Deputy Head Warriner School, school parking
Summary	<p>The Warriner School has been approached by John Wyatt with a proposal to rent or lease to the school part of the land at his facility on Ells Lane. The land would be used for parking during the drop off and pick up times for the school.</p> <p>Following the view of the Parish Council that this would not necessarily be a viable solution then discussions need to take place with the Warriner School to establish what other solutions could be put forward. There is at present no land on the school site available to accommodate any extra parking. The Compound Area at present being used by the builder, may have provided a solution, but there were concerns that this area may be required to be returned to grassland once the build was completed, under a previous approval, if not it seemed that the school may require the hard standing of pupils.</p> <p>It was suggested that discussion with OCC Highways or Locality, and Councillor Kieron Mallon should take place to assess if there could be any provision sought under Infrastructure funding. If the PC were to undertake a traffic/air pollution survey, then would it be possible to add to any potential brief, the issue of parking at both the Warriner and Primary School. The school could potentially carry out surveys of how their children travelled to school and seek parental involvement in how to seek a viable solution.</p>
Recommendation	Note the report. When drawing up the brief for a traffic/ Air pollution survey to include the parking for both the Primary and Warriner School.
Reasons for the Recommendation	Safety of children attending the village schools. Alleviation of the existing Parking problems
Impact on Budget	Cost of survey already in the budget
Risks	The possibility of an accident especially if children continue to cross the A361 at the junction of Bloxham Grove Road to get to the cars parked on Ells Lane.
Background	Continual complaints of inappropriate parking on the side roads surrounding the Warriner School. Concerns regarding the inappropriate and on occasions hazardous parking of vehicles on Ells Lane, Junction of the A361 and Bloxham Grove Road.
Supporting documents; advice, reports etc should always be attached to the report and listed here
